

Book globally in real time.
Network with no strings, wires or gimmicks.
Boot up. Log in. Point and click.

Simply put, Aaxsys is a single integrated system that enables you to manage, market, and book your unfurnished and furnished accommodations, all online.

Portable. Affordable. Flexible.

Since Aaxsys technology is internet-based, and requires no hardware or software, you can use it anywhere, anytime and from any computer with a web browser. You can manage bookings without going in to - or even having - an office!

There is nothing to crash, no devices to buy, and you can designate as many users as you need to, in multiple locations, without licensing permission. It is simple to use, easy to learn and will gain you entry into the possibilities of the worldwide lodging marketplace.

No more waiting for the phone to ring.

All you need is a web site (we can do that for you, too) and we'll activate a real-time search engine link on it so guests and clients can see listings and photos of your units, check availability and book and pay instantly - or request a reservation, whichever you prefer.

You can manage the booking calendar, add units and take units offline, remotely and instantly; your operations are seamless.

We'll put your units on our "Global Housing Network" website (www.theghn.com) for continual marketing - you'll attract more guests over a broader network at no extra cost to you.

We get you started and keep you going.

We set you up and give you online/email training and support for your first 45 days of membership (conditions apply), and up to two hours per month thereafter. You'll also receive the "workin' it" step-by-step User's Guide, and our fulcrum newsletter blasts will bring useful content such as training tips and new features. Once a year, we put on the Aaxsys User's Forum - it's a time for you to get hands-on with us and network with other members and develop industry partnerships.

We're continually improving our technology and making system-wide upgrades; for existing modules, you'll pay nothing extra to have the latest version.

Amplify your visibility.

You can opt for upgrades to your package - like multiplying inventory visibility by being featured on other Aaxsys website(s): local area, city, state, global; or industry and/or category-specific sites. Showcase your units in a home page slide show with instant click-throughs to your property, or buy banner or footer advertising at a discounted member rate.

For details, go to next page...

Just pennies per day per unit.

Our membership fees are fairly priced, based on volume of inventory.

Membership fees

The fine print.

Membership terms

1. membership in the Aaxsys reservations, operations, and marketing system stipulates that companies agree to:
 - a. use Aaxsys as their primary reservation system.
 - b. place Aaxsys operating and reservation links – primarily “login”, “availability”, and “view property by code” – on company and/or partnership websites.
 - c. diligently pursue knowledge and use of the entire Aaxsys System as provided in written guides as well as online training
2. minimum six-month contract
3. 45 days written notice of intention to terminate
4. automatic payments via valid credit card, as follows:
 - a. set-up fees upon sign-up
 - b. monthly fees on the 1st day of month
 - c. invalid credit card will inactivate membership

Additional terms

1. Aaxsys does not make any claim to manage member’s inventory, operations, occupancy, or negotiated contracts with other Aaxsys members
2. to preserve the integrity of the Aaxsys system, all members agree to:
 - a. accurately maintain their reservation boards and inventory databases
 - b. cooperate with other Aaxsys members and external users in cross-referrals, reservations and commissions paid
3. Aaxsys may adjust a member’s monthly fees and/or charge additional fees for customized upgrades programmed for that member
4. upgrades which benefit all members may result in a blanket fee increase; changes in fees are subject to (90) days notification, and distributed proportionately to members based on usage
5. Aaxsys Technology, a California Corporation, trademarked and patented, is a subsidiary of American Marketing Systems Inc. (AMSI)
 - a. Aaxsys member databases are operated over secure servers and password-protected
 - b. login capability by Aaxsys administrators is for the sole purpose of support, maintenance, or the addition of new applications
6. Aaxsys membership may not be “franchised,” re-sold or offered to other entities without the express permission of Aaxsys and written agreement as to the terms which shall apply
7. Aaxsys may advertise the availability of member’s inventory in print, other media, or over the internet for marketing and the growth of the system

We pay referral fees

1. a referral fee of \$250 will be paid for the referral of a new Aaxsys member once they have fulfilled the six-month minimum agreement
2. referrals must be verified in writing by the new member and Aaxsys Technology
